

Maths Pupil Voice

Yippee Yellows	Deepen the Moments
<ul style="list-style-type: none">• The children's ability to articulate and 'talk' maths was superb. They consistently used correct mathematical terminology• The children discussed a range of equipment used in maths and could clearly articulate its purpose and why it may be used.• The children were comfortable and confident in discussing their personal strengths and areas for development.• Children could identify the importance of both learning new knowledge as well as remembering and recalling previous knowledge.• Children demonstrated a good range of strategies to independently problem solve	<ul style="list-style-type: none">• To ensure all children are aware of the correct terminology around Active Maths

"Number bonds are really important, they will help you with trickier maths when you are in year 6"
Year 2

" we have been learning about the greater than and less than signs... I sometimes confuse them if I keep trying I will remember them!"
Year 1

"Counting Cats are brilliant they help us count in different ways, when he turns round we have to count backwards, its fun"
Year 1

KS1

"We don't just do maths in the classroom we go outside, sometimes instead of Base 10 we use ourselves "
Year 2

"we use all sorts of things to help us with our maths, cubes, counting cats, Base 10, number bibs even our bodies!"
Year 2

"Maths can be really tricky but you have to keep trying and the teachers will always help if you need it"
Year 2

"Even if we don't do a maths lesson we are always counting or talking about maths in class"
Year 1

**Lower Key
Stage 2**

**“Purple Mash is great, its fun
and helps with everything,
even stuff like algorithms”**

Year 3

**“Times Table chanting helps
me remember, I even chant at
home ”**

Year 3

**“Using base 10 really helped
me understand the column
method”**

Year 3

**“In maths everyone learns in
different ways, our teachers
make sure we all learn”**

Year 4

**“Maths is always challenging,
but its meant to be that’s how
we learn”**

Year 4

**“We use loads of things to
help us, things like Base 10,
Place value counters, white
boards”**

Year 4

**“If you get stuck on something the
Maths wall is really helpful”**

Year 4

**Upper Key
Stage 2**

“Daily practice isn’t about learning new things its about helping us remember things we already know”

Year 6

“TT Rockstars is great, its fun but helps us learn. I love battling against other year groups”

Year 5

“Knowing your times tables is important, it helps with so many different areas of maths”

Year 6

“Teachers encourage us to find our own mistakes, its better that way as it means we can understand more easily ”

Year 5

“We are passionate about maths, that’s the important thing if you are passionate you will always improve”

Year 6

“If you get stuck you should break the question down and try again before using other things to help you

Year 5
