E Safety

The best way to keep your child safe online is to take an active interest right from the start. They need your love and protection online as much as they do in the real world. What your child is exposed to will depend on how they're using the internet – social network users are more likely to experience cyberbullying, see violent images, or have contact with strangers.

NUTS IN SCHOOL

Please can we ask again that children do not bring nuts or products containing nuts into school. We have several children who have severe allergic reactions to nuts and their health could be compromised if they are exposed to nuts and nut products.

Sandal Castle Bake Off - Friday 12th May.

What a fabulous response from children, parents and carers! The standard was absolutely incredible. The winners from each year group will be announced on Monday in the celebration assembly.

In support of our children who attend the group - the school will be donating a percentage of the money raised in the Bake Sale to Miss Unique Majorettes.

Active Kids Vouchers

The school is still collecting the active kids vouchers from Sainsbury's. The vouchers can be accepted until 30th June. Thank you so much to everyone for their contributions so far. The vouchers will be used to provide exciting sports and outdoor equipment for the whole school.

Year 6 SATs Week

The children were a credit to the school, parents/carers and themselves during SAT's week. They behaved impeccably and worked very hard. Thank you for all your support during this time.

General Election 8th June

Unfortunately the school will be closed on **8th June** so that it can be used as a Polling Station. We are sorry for any inconvenience caused.

Health and Safety/Behaviour Outside School

We have had several complaints and comments from neighbours and parents about the behaviour of some of our children and parents outside school:-

- Parents dropping children off on the dual carriageway
- Vans and cars reversing in school whilst on the phone when children are around
- Children climbing the wall outside the Castle Pub
- Rudeness of the children to other pavement users.

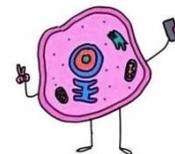

We know that it will be a small minority of children but it does not create a good impression of the school.

We would appreciate your cooperation in this matter.

Science Selfie Competition

Calling all Sandal Castle Scientists!

We are excited to launch our whole school science competition today. We are asking children to take a photograph of themselves doing something scientific so that they can caption it with an explanation – 'This is science because.....'

We are sending more details separately.

We can't wait to create a display with the entries.

Happy Snapping

Have a great weekend

Kind Regards
N. T. Russell
