## PARTNERSHIP MATTERS

### A conference with Dame Alison Peacock

Open to all of our partners and mentors – past, present and future, the conference will include presentations from partner and mentor colleagues, students and external Key Note speakers.

Throughout the day, there will be a strong focus on mentoring and on ‘learning first’ for both trainees and mentors, exploring how mentoring can provide excellent CPD. With a focus on ‘mentoring as CPD’ partnership colleagues will share their ‘mentoring journeys’ and trainees will reflect on ‘being mentored’ as they launch their own careers.

In what promises to be a popular event we will also be showcasing a range of excellent educational practice which is taking place in partner schools and nationally. Topics covered will be as diverse as restorative justice, literacy and oracy, working with children with autism, mindfulness for children, White Rose maths, and more. The conference is open to all Primary, Secondary and EYFS colleagues.

### *Keynote Speakers:*

**Dame Alison Peacock**  
*(the Chartered College of Teaching)*

**Ros Wilson**  
*(author of Big Writing)*

University of Huddersfield in  
collaboration with @Beyond Levels
