

Social Action Pupil Voice

Yippee Yellows	Deepen the Moments
<ul style="list-style-type: none">• The children showed clear passion for the causes they/ school have been involved with.• The children articulated the benefit of Social Action with great maturity.• While the children were realistic about the limits of their action they were clear, vocal, in the desire to think, dream and act big.• The children could make links between the importance of global issues on their day to day lives	<ul style="list-style-type: none">• Next step to broaden the awareness of these issues across school• To strengthen the already solid knowledge of the impact of Social Action on local issues

"Saving animals helps all of us, it affects the food chain, the environment and it helps us have empathy"

"A good education isn't just about English and Maths its about making us kinder and better people"

Newspaper – " lots of bad things happen in the world we want to help people understand them and know about the good things as well"

Social Action

" I wrote about Islam so people know what I believe – it helps us all respect each others beliefs"

"Its not all about raising money, awareness is sometimes worth far more than money"

"If we forget about the bad things that happened in the past we might make the same mistakes again"

**Social
Action**

“Social Action makes school a better place as it helps understand issues and be kinder to each other”

“we are young, we can’t make the rules but we can make a difference”

“We made cards for the homeless to show them we care and that people are thinking of them”

“its easy to be selfish, thinking of others is hard – but worth it”

“If everyone learns about these things the world would be a lot nicer”
